OVERVIEW

My dedication to understanding human behaviour, coupled with years of experience in the Mental Health Sector, has equipped me with the ability to approach challenges with creativity and resilience. Furthermore, my commitment to continuous learning led me to successfully complete a web development bootcamp, where I honed my skills in HTML, CSS, JavaScript, React.js, Node.js, Third-Party API's and gained practical experience in building responsive and user-friendly web applications.

EXPERIENCE

Freelance   01/2024 - Present   Web-Developer
